

Safety Data Sheet

Revised Edition: 21 .09.2022

Page 1-4

900 Lapis Lazuli Powder

Section 01 :

Identification of the Product.

Product Name: Lapis Lazuli, Lazurite

Product codes: 900, 901,902,903

Company Name: Michael Harding Art Formulas Ltd.

Unit K, Springvale Industrial Estate,

Cwmbran, NP44 5BE

Product Name: Lapis Lazuli, Lazurite

Uses: This is Natural Semi precious Gemstone mined from Afghanistan, (Non Toxic) used as Artist Colors and Cosmetics

Section 02:

Hazard Identification.

Classification of the Substance: Non Hazardous

Label Elements : Non Hazardous (does not require Labeling as Hazardous)

Section 03:

Composition/Information on Ingredients.

Chemical Ingredients: Sodium Calcium Alumino Sulfosilicate $(\text{Na,Ca})_8\text{Al}_6\text{Si}_6\text{O}_{24}(\text{S,SO})_4$

Cas No. 1302-83-6, Lapis Lazuli, Lazurite (Non-Toxic, No Hazardous)

Safety Data Sheet

Revised Edition: 21 .09.2022

900 Lapis Lazuli Powder

Section 04:

First Aid Measures.

After Inhalation: If inhaled, move to fresh air.

After skin contact: Wash affected area with plenty of water.

After Eye contact: Don't allow victim to rub their eyes, gently rinse open eye with plenty of water, if symptoms persists, consult physician.

After Ingestions: Drink Plenty of water in small Sips, immediately seek medical help,

Symptoms: No further information available.

Treatment: No special first-aid measures necessary.

Section 05:

Fire Fighting Measure.

Extinguishing Media : **Not considered to be fire hazard, product is not combustible.**

Protective Equipment: **No special equipment required.**

Section 06:

Accidental Release Measures.

Person –related safety measures: Wear Protective clothing , clean with appropriate equipment with causing dust.

Environment Protective measures: Do not let enter sewage system and earth.

Method of cleaning : Collect Mechanically , avoid Dust formation.

Section 07:

Handling and Storage.

Handling: Avoid dust formation, provide good ventilation.
Wear all specified elements of PPE, as directed by this document, or under location specific requirement, whichever is more conservative.

Storage: Store in cool , dry and well ventilated area.
Product containers such as paper bags, nylon bags, drums are prone to physical damage, care should be taken in storage and handling in order to prevent damage
Avoid contact with oxidizers and chemically active metals, since violent reactions may occur.

Safety Data Sheet

Revised Edition: 21 .09.2022

900 Lapis Lazuli Powder

Section 08:

Exposure Controls/ Personal Protection.

Engineering controls: Provide good ventilation.

General protective measure: Do not inhale dust. When using do not eat, drink or smoke.

Respiratory protection: Dust Mask recommended when very dusty, in emergency use air supplied respirator.

Skin protection: Use protective clothing, includes boots, gloves, apron as appropriate to prevent unnecessary skin contact.

Eye and face protection: use chemical safety goggles and full-face shield where splashing or dusting of solution is Possible.

Section 09:

Physical and chemical properties.

Appearance: Powder

Color: Blue

Odor: Odorless

Melting point : Not applicable

Boiling Temperature: Not applicable

Ignition Temperature: Not applicable

Thermal decomposition: 350 centigrade

Density: 2.3 g /cm³

Solubility in water: Not soluble

Section 10:

Stability and Reactivity.

Stability: Stable under ordinary conditions of storage and use.

Hazardous reactions: None

Safety Data Sheet

Revised Edition: 21 .09.2022

900 Lapis Lazuli Powder

Section 11:

Toxicological Information.

Product is nontoxic, no quantitative information found for its toxicity for skin and eye.

Section 12:

Ecological Information.

Natural product not hazardous.

No information found for water hazardous.

Section 13:

Disposal Concentration.

Can be disposed in accordance with local and national regulation.

Section 14:

Transport Information.

No Restrictions as it is non-hazardous product.

Section 15:

Regulatory Information.

Safety, Health and Environmental Regulations/Legislation specific for the Substance or Mixture.

This product falls in Category of A naturally occurring chemical substance as defined for TSCA purposes it is Exempt from CDR requirement. Naturally occurring chemical substances, the manufacture of a naturally occurring chemical substance as described in 40 CFR 710.4(b) is exempt from CDR requirements. (40 CFR 711.6(a)(3)).

This product is not Hazardous for water and environment and its chemical levels fall in category of natural occurring. So, it is not considered an exposure for purposes of Proposition 65

The Safe Drinking Water and Toxic Enforcement Act of 1986, codified at Health and Safety Code section 25249.5 *et seq.*, commonly referred to as "Proposition 65". Hereafter referred to as "Proposition 65" or "the Act".

Section 16:

Other Information.

This product should be stored and handled and used in a accordance with hygiene practices and conforming with legal regulations.

The above information is believed to be correct but should not be taken as absolute information. The information is based on the present state of our knowledge. Safety measures should be practice.

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text
