Disclaimer

Disclaimer:

Certifiers responsibility rests solely in the certification of the product as defined in the documents provided. We are empowered to interpret and define the hazards present in a product based on the formulation provided, intended user as well as other criteria. The final authority lies with the federal regulatory agencies of each sovereign nation. The certifier can only confirm the hazards statements are correct from a toxicological perspective and that general guidelines have been observed. The certifier is not responsible for the final label copy. It is the responsibility of the manufacturer to ensure proper labeling of their products according to the rules and regulations set forth by each country.
